**RENEWED PETITION UNDER 37 C.F.R. §1.47(a)**

Honorable Commissioner for Patents  
U.S. Patent and Trademark Office  
Randolph Building, Mail Stop Petition  
401 Dulany Street  
Alexandria, VA 22314

Sir:

On October 6, 2006, applicant filed a "Petition under 37 C.F.R. §1.47(a)" to accept the present application without the signature of joint inventor Valdimir Babstov. By "Decision on Petition under 37 C.F.R. §1.47(a)" dated October 31, 2006, the Patent and Trademark Office dismissed the petition without prejudice, stating that any reconsideration request must be filed within two months of the mail date of the decision. Applicant hereby renews its previously filed petition under 37 C.F.R. §1.47(a) and requests reconsideration of the decision of October 31, 2006, and granting of

applicant's petition in light of the additional evidence submitted herewith.

In the decision on petition of October 31, 2006, the Patent and Trademark Office ruled that the evidence does not sufficiently demonstrate that a *bona fide* attempt was made to present a copy of the application papers to the non-signing inventor for signature. The decision states on page 2:

However, the mailing process is not entirely clear. Before the petition can be granted applicant should confirm to the office that Mr. Babstov lived at the address in question when the notice was left. This is to make sure that the parcel was not picked up or delivered since the address was no longer valid.

Submitted herewith is a declaration of Paulina Ben-Ami and new Exhibits 7 and 8. Exhibit 7, referred to in the Ben-Ami declaration, is a communication from the Israel Ministry of the Interior, stating the current address as registered in the Public Registration Office of the Israel Ministry of the Interior for Valimir Babstov. Exhibit 8 is a translation thereof. It can be seen that the current records of the Public Registration Office have Mr. Babstov residing at the same address to which the registered letter was sent. Israeli law requires that the Public Registration Office be notified of any changes in residence address of all Israeli citizens. As the currently registered address for Mr. Babstov is the same as the last known address of Mr. Babstov at the

time that the registered mail was sent, it is apparent that there has been no change of address and that the address to which the registered mail was sent was indeed the residence of Mr. Babstov and that he was living at that address at the time in question.

It is urged that this evidence now resolves this issue and allows the petition to be grantable.

The decision also objected to the declaration submitted by each of the 37 C.F.R. 1.47(a) applicants on his/her own behalf and on behalf of the non-signing joint inventor. The decision states that, while each inventor need not execute the same declaration, where individual declarations are executed, they must be submitted as individual declarations rather than combined into one declaration.

Attached hereto are the three separate declarations executed by the 37 C.F.R. 1.47(a) inventors. Accordingly, this requirement has also now been met.

Reconsideration of the decision on petition of October 31, 2006, consideration of the present renewed petition and request for reconsideration, and the evidence and declarations attached hereto, and granting of applicant's

**DECLARATION OF PAULINA BEN-AMI**

Honorable Commissioner for Patents  
U.S. Patent and Trademark Office  
Randolph Building, Mail Stop Petition  
401 Dulany Street  
Alexandria, VA 22314

Sir:

I, the undersigned Paulina Ben-Ami, hereby declare  
and state as follows:

I am a patent attorney registered to practice in  
Israel, although I am not an attorney-at-law.

In an attempt to prove the current address of  
Vladimir Babtsov, documentation was requested from the Israel  
Ministry of the Interior.

The Law of Registration of Inhabitants/Residents,  
1965, Article 2, requires the registration of certain details,  
including residence address, in the Public Registration Office  
for each resident in Israel, as well as any change therein.

Article 17 contains a requirement to inform the Public Registration Office of any change in these details, including address. Article 3 provides that any certificate issued by the Public Registration Office attests to the correctness of the registered details.

Submitted herewith as Exhibit 7 is a communication from the Israel Ministry of the Interior containing the database query results for Vladimir Babtsov.

Submitted herewith as Exhibit 8 is a copy of this Hebrew language document with interlineated English translations for all of the Hebrew words thereon. I am familiar with both the English and Hebrew languages and I hereby affirm that the translations on Exhibit 8 are true and correct translations of the corresponding Hebrew language words.

It can be seen that the current records of the Public Registration Office have Mr. Vladimir Babtsov residing at Menachem Begin 45, Apartment 2, Kiryat Shmona, 11631 Israel. This is the same address to which were sent the registered letters referred to in the previously filed Benaroya and Folman Declarations. As Mr. Babtsov's last known address (to which the registered mail was sent) and his current address are the same, the conclusion must be reached

that he lived at this address on the date when the registered mail was sent.

Accordingly, this documentation confirms that Mr. Babtsov lived at the address in question at the time that the registered mail was sent.

I hereby further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
